oral surgery
oral medicine
oral pathology

With sections on **endodontics** *and* **dental radiology**

EDITOR-IN-CHIEF

ROBERT B. SHIRA

Boston, Mass.

SECTION EDITORS

oral surgery — **Robert B. Shira**

Editorial board: Charles C. Alling, Maj. Gen. S. N. Bhaskar, H. Chris Doku, Jack Frommer, Louis H. Guernsey, Gustav O. Kruger, Paul H. McFarland, Jr., Morton B. Rosenberg, Thomas W. Quinn, Daniel Verne

oral medicine — **James W. Little**

Editorial board: Lester W. Burket, Robert H. Johnson, Robert W.T. Myall, Sol Silverman, Jr., Edward Zegarelli

oral pathology — **James J. Sciubba**

Editorial board: Albert M. Abrams, Bruce F. Barker, Russell L. Corio, Ellen Eisenberg, Paul D. Freedman, David G. Gardner, Robert J. Gorlin, Kenton S. Hartman, L. Stefan Levin, Joseph A. Regezi, J. Philip Sapp, John J. Sauk, Jr., Charles E. Tomich, Carl J. Witkop, George P. Wysocki

endodontics — **Milton Siskin**

Editorial board: James Bynum, William Clem, Stephen Cohen, Frederick Cox, Ernst Ehrmann, *Australia*, Frederick J. Harty, *England*, Richard B. Johns, *England*, Peter Kapsimalis, Alvin A. Krakow, Howard Martin, Ivar A. Mjor, *Norway*, Margarita Muruzabal, *Argentina*, Edward Osetek, Benjamin Sedlezky, Alan G. Selbst, Michael Tagger, *Israel*, Shosaburo Takuma, *Japan*, Leif Tronstad, *Sweden*

dental radiology — **John W. Preece**

Editorial board: William K. Bottomley, William H. Collett, David F. Greer, Stuart C. White

Organization of Teachers of Oral Diagnosis — **Ronald E. Gier and Spencer W. Redding**

Editorial board: James C. Cottone, Stuart Fischman, Joseph L. Henry, Robert P. Langlais, Monique Michaud, E. Steven Smith, Roy Smith, Geza Terezhalmy

EDITORIAL BOARD

Joseph L. Bernier, *Washington, D. C.*
Lester R. Cahn, *New York*
Henry M. Goldman, *Boston*
Edward C. Hinds, *Houston*
Daniel J. Holland, *Boston*
Gustav O. Kruger, *Washington, D.C.*
Maury Massler, *Boston*

Subject index

A

Acquired-cell immune deficiency syndrome (Heidelman, Armstrong, and Graham), 452
Actinomyces israelii in osteoradionecrosis of jaws (Happonen et al.), 580
American Academy of Dental Radiology officers for 1982—1983, 434
American Academy of Oral Medicine, 436 (Announcement)
American Academy of Oral Pathology, 222 (Announcement)
American Board of Oral and Maxillofacial Radiology officers for 1982—1983, 435
American Board of Oral Pathology, 436 (Announcement)
Anemia, iron deficiency, oral mucosal changes in, in Sri Lankan female population (Ranasinghe et al.), 29
Anesthesia, bupivacaine—clinical trial for endodontic therapy (Moore and Dunsky), 176
Anesthetic, local; periodontal ligament injection (Smith and Walton), 232
Angiography of oral and maxillofacial hemangiomas, clinical application of (Zou et al.), 437
Angiopathy, giant cell hyalin, radiographic changes associated with (Ciola, Bahn, and Yesner), 108
Ankyloglossia superior (Lekkas and Bruaset), 556
Ankylosis of temporomandibular joint, interpositional arthroplasty for (Moorthy and Finch), 545
Announcements, 222, 330, 436, 544, 642
Antibacterial effects of calcium hydroxide apexification pastes on *Streptococcus sanguis* (DiFiore et al.), 91
Antibiotic coverage for dental treatment of patients with joint replacements, need for (Little), 20
Antimicrobial effects of endodontic filling cements on microorganisms from root canal (Pupo et al.), 622
Antitrypsin, alpha$_1$, demonstration of, in periapical lesions (Wilk et al.), 86
Apexification pastes, calcium hydroxide, antibacterial effects of, on *Streptococcus sanguis* (DiFiore et al.), 91
Apical seal; in vitro study of comparative effectiveness of obturating curved root canals with gutta-percha cones, silver cones, and stainless steel files (Timpawat et al.), 180
  sealing material, gold foil as, for replantation, clinical evaluation of (Goel et al.), 514
Apicoectomy, clinical and radiologic re-examination of teeth after (Mikkonen, Kullaa-Mikkonen, and Kotilainen), 302
Artery, calcified facial (Miles and Craig), 214
Arthrography, temporomandibular joint: negative pressure, nontomographic techniques (Campbell and Alexander), 121
Arthroplasty, interpositional, for ankylosis of the temporomandibular joint (Moorthy and Finch), 545
Austrian Dental Congress, 330 (Announcement)
Autoclave sterilization, effect of, on endodontic files (Mitchell, James, and Nelson), 204

January, pp. 1-112; February, pp. 113-222; March, pp. 223-330; April, pp. 331-436; May, pp. 437-544; June, pp. 545-654.

B

Bacterial contamination as cause of very active case of external-internal root resorption (Pomeranz), 521
Beta-aminoproprionitrile intoxication, chronic, effect of, on periodontium of rat (Baden and Bouissou), 34
Bitewing techniques, evaluation of reproducibility of two, by means of microdensitometric recording method (Beyer-Olsen and Eggen), 103
Bleeding, extensive, following extractions in patient undergoing chronic hemodialysis (Milam and Cooper), 14
Bone cyst, unusual solitary, 640 (Roentgeno-oddities)
  disease, systemic, influence of, on bone resorption following mandibular augmentation (Bays), 223
  facial; perspectives on massive osteolysis (Heffez et al.), 331
  lesions, periodontal, digital subtraction radiography, for diagnosis of, with simulated high-speed systems (Gröndahl, Gröndahl, and Webber), 313
    subtraction radiography for diagnosis of (Gröndahl and Gröndahl), 208
  loss, crestal, in experimentally induced marginal periodontitis, subtraction radiology demonstrates (Lurie, Greenberg, and Kornman), 537
  resorption, influence of systemic bone disease on, following mandibular augmentation (Bays), 223
Bony resorption, influence of, on endodontic treatment (Holland et al.), 191
Bowel disease, differential diagnosis of pyostomatitis vegetans and relation to (Hansen, Silverman, and Daniels), 363
Buccal fat pad, use of, for grafts (Neder), 349
Bupivacaine anesthesia—clinical trial for endodontic therapy (Moore and Dunsky), 176

C

C3 complement component, circulating immune complexes, immunoglobulins G and M, and, quantitation of, in patients with large periapical lesions (Torabinejad et al.), 186
Calcified facial artery (Miles and Craig), 214
Calcium hydroxide apexification pastes, antibacterial effects of, on *Streptococcus sanguis* (DiFiore et al.), 91
Calculi, tonsillar (Cooper et al.), 239
Canadian Association of Oral and Maxillofacial Surgeons, 544 (Announcement)
Carcinoma arising in erosive lichen planus in midline of dorsum of tongue (Pogrel and Weldon), 62
  nevoid basal cell, syndrome associated with renal cysts and hypertension (Santis, Nathanson, and Bauer), 127
  of parotid gland exhibiting both ductal and acinic cell differentiation, immunohistochemical study of (Smith, Warhol, and Brodsky), 267
  squamous cell, arising in Warthin's tumor of parotid gland (Damjanov, Sneff, and Delerme), 286
  thyroid; salivary gland dysfunction following radioactive iodine therapy (Wiesenfeld et al.), 138
Cements, endodontic filling, antimicrobial effects of, on microorganisms from root canal (Pupo et al.), 622
Cervical resorption in bleached teeth (Lado, Stanley, and Weisman), 78
Cheilitis, pruritic (Xu et al.), 359
Chemical intensification of dental radiographs (Price), 427
Chemotherapy-associated oral infections in adults with solid tumors (Dreizen, Bodey, and Valdivieso), 113
Chordoma, metastatic, to mandible (Gorsky et al.), 601
Choristoma, gingival salivary gland (Ide et al.), 169
Cleft, incomplete hard-palate, experimental induction of, in rat (Schüpbach), 2
  palate, ankyloglossia superior combined with (Lekkas and Bruaset), 556
Coronoid hyperplasia, bilateral (Marra), 10
  process, tooth in, 327 (Roentgeno-oddities)
Cyclosporin A therapy, fibrous hyperplasia of gingiva side effect of (Wysocki et al.), 274
Cyst, bone, unusual solitary, 640 (Roentgeno-oddities)
  hemorrhagic, of mandible in relation to horizontally impacted third molar (Sharma), 17
  renal, and hypertension, nevoid basal cell carcinoma syndrome associated with (Santis, Nathanson, and Bauer), 127

D

Dalhousie University to host international symposium, 436, 544 (Announcements)
Dens in dente, dentinogenesis imperfecta (Kerebel et al.), 279
Dental and surgical treatment, ineffective, associated with atypical facial pain (Remick et al.), 355
  radiation barrier, drywall construction as (MacDonald, Reid, and Berthoty), 319
  radiographs, chemical intensification of (Price), 427
  radiography, digital subtraction technique for (Gröndahl, Gröndahl, and Webber), 96
    recommendations for quality assurance in, 421
  radiology, 95, 208, 313, 421, 527, 628
  treatment of patients with joint replacements, need for antibiotic coverage (Little), 20
Dentin chips, effect of filling material in tissue reactions following apical plugging of root canal with (Holland et al.), 398
Dentistry, geriatric; elderly patient (Lowental and Mersel), 142
  new intraoral x-ray fluorographic imaging for (Higashi et al.), 628
Dentinogenesis imperfecta with dens in dente (Kerebel et al.), 279
Dentition, human, influence of dequalinum acetate and sodium hypochlorite on, quantitative evaluation of (Zach and Kaufman), 524
Dequalinum acetate and sodium hypochlorite, influence of, on human dentition, quantitative evaluation of (Zach and Kaufman), 524
Diabetes mellitus, deep neck infection complicated by (Harrison, Schultz, and Schaberg), 133
Digital subtraction technique for dental radiography (Gröndahl, Gröndahl, and Webber), 96
Dilaceration of permanent upper lateral incisors (Chohayeb), 519
Disc, human temporomandibular joint, histopathology associated with malposition of (Scapino), 382
Double lip, maxillary, mucosal reduction for correction of (Lamster), 457
Drills in dente, 328 (Roentgeno-oddities)
Drywall construction as dental radiation barrier (MacDonald, Reid, and Berthoty), 319

E

Edema, postsurgical, effect of indomethacin on, in rats (Amin, Engel, and Laskin), 244
Electrosurgical incisions, lateral heat production secondary to (Kalkwarf et al.), 331
Endodontic files, effect of autoclave sterilization on (Mitchell, James, and Nelson), 204
  filling cements, antimicrobial effects of, on microorganisms from root canal (Pupo et al.), 622
  procedures, incidence of postoperative pain after single- and multiple-visit (Roane, Dryden, and Grimes), 68
  radiography, effective exposure level and diagnostic performance in (Okano et al.), 527
  sealer-cements, electrochemical microleakage study of (Mattison and von Fraunhofer), 402
  therapy, clinical trial of bupivacaine anesthesia (Moore and Dunsky), 176
    effect of 0.5 percent sodium hypochlorite in, bacteriologic evaluation of (Byström and Sundqvist), 307

Endodontic—Cont'd
treatment, influence of bony resorption on (Holland et al.), 191
Endodontics, 67, 176, 291, 398, 507, 607
Eosinophilia, stromal, traumatic ulcerative granuloma with (Riga-Fede's disease and traumatic eosinophilic granuloma) (Elzay), 497
Epistaxis; extensive bleeding following extractions in patient undergoing chronic hemodialysis (Milam and Cooper), 14
Epithelial odontogenic tumor, combined (Damm et al.), 487
Epithelized tracts, bilateral blind, associated with inferior labial frenum (Stalker and Allen), 173
Eucapercha and gutta-percha, periapical status of teeth treated by nonsurgical endodontic method employing, radiographic evaluation of (Morse et al.), 607
Ewing's sarcoma of jaws (Arafat, Ellis, and Adrian), 589
Extractions, extensive bleeding following, in patient undergoing chronic hemodialysis (Milam and Cooper), 14

F

Facial artery, calcified (Miles and Craig), 214
pain, atypical, ineffective dental and surgical treatment associated with (Remick et al.), 355
skeleton; perspectives on massive osteolysis (Heffez et al.), 331
role of tracheostomy in fractures of (Zachariades et al.), 558
Fibrous hyperplasia of gingiva: side effect of cyclosporin A therapy (Wysocki et al.), 274
Files, endodontic, effect of autoclave sterilization on (Mitchell, James, and Nelson), 204
Filling material, effect of, in tissue reactions following apical plugging of root canal with dentin chips (Holland et al.), 398
Film, bitewing, holder; evaluation of reproducibility of two bitewing techniques by means of microdensitometric recording method (Beyer-Olsen and Eggen), 103
Fluorographic imaging, new intraoral x-ray, for dentistry (Higashi et al.), 628
Follicular lymphoid hyperplasia of hard palate: benign lymphoproliferative process (Wright and Dunsworth), 162
Formocresol technique in young permanent teeth (Muñiz, Keszler, and Dominguez), 611
Fracture, mandibular, in case of plasma cell myeloma (Moriconi and Popowich), 454
of atrophic mandible, unusual healing of (Allard and Lekkas), 558
of facial skeleton, role of tracheostomy in (Zachariades et al.), 558
root, radiographic appearance of, caused by bend on radiograph, 220 (Roentgeno-oddities)
Freezing temperatures, pulpal effect of, applied to monkey teeth (Dowden, Emmings, and Langeland), 408
Frenum, inferior labial, bilateral blind eplithelized tracts associated with (Stalker and Allen), 173

G

Gerodontics; elderly patient (Lowental and Mersel), 142
"Ghost images" in panoramic radiograph, 220 (Roentgeno-oddities)
Gingival and skin "infiltrates," malignant, in adult leukemia (Dreizen et al.), 572
pemphigus vulgaris (Markitziu and Pisanty), 250
salivary gland choristoma (Ide et al.), 169
Gold foil as apical sealing material for replantation, clinical evaluation of (Goel et al.), 514
Grafts, use of buccal fat pad for (Neder), 349
Granuloma, traumatic ulcerative, with stromal eosinophilia (Riga-Fede's disease and traumatic eosinophilic granuloma) (Elzay), 497
Griseofulvin in treatment of three cases of oral erosive lichen planus (Aufdemorte, De Villez, and Gieseker), 459
Gutta-percha cones, silver cones, and stainless steel files, in vitro study of comparative effectiveness of obturating curved root canals with (Timpawat et al.), 180
eucapercha endodontic method, radiographic evaluation of periapical status of teeth treated by (Morse et al.), 607
or Hydron, polyethylene tube implants filled with, reaction of rat connective tissue to (Tanzilli, Nevins, and Borden), 507
points, effective surface sterilization of (Linke and Chohayeb), 73

H

Healing, unusual, of fracture of atrophic mandible (Allard and Lekkas), 558
Heat production, lateral, secondary to electrosurgical incisions (Kalkwarf et al.), 331
Hemangioma, maxillary, treatment of, with sclerosing agent (Chin), 247
oral and maxillofacial, clinical application of angiography of (Zou et al.), 437
Hemodialysis, chronic, extensive bleeding following extractions in patient undergoing (Milam and Cooper), 14
Herpesvirus, adherence of streptococci to cells infected with (Farber and Long), 463
Herpetic whitlow (Merchant, Molinari, and Sabes), 568
Histiocytosis X: occurrence and oral involvement in six adolescent and adult patients (Gorsky et al.), 24
Histoplasmosis, oral (Toth and Frame), 597
Homosexual men; acquired-cell immune deficiency syndrome (Heidelman, Armstrong, and Graham), 452
Hyalin angiopathy, giant cell, radiographic changes associated with (Ciola, Bahn, and Yesner), 108
Hyaline deposits in odontogenic lesions, distribution and morphologic variation of (Sapp and Jensvold), 151
Hydron or gutta-percha, polyethylene tube implants filled with, reaction of rat connective tissue to (Tanzilli, Nevins, and Borden), 507
Hyperplasia, bilateral coronoid (Marra), 10
fibrous, of gingiva: side effect of cyclosporin A therapy (Wysocki et al.), 274
Hypertension, nevoid basal cell carcinoma syndrome associated with renal cysts and (Santis, Nathanson, and Bauer), 127

I

Imaging, new intraoral x-ray fluorographic, for dentistry (Higashi et al.), 628
Immune complexes, circulating, immunoglobulins G and M, and C3 complement component, quantitation of, in patients with large periapical lesions (Torabinejad et al.), 186
Immunoglobulins G and M, circulating immune complexes, and C3 complement component in patients with large periapical lesions, quantitation of (Torabinejad et al.), 186
serum, and complement (C′3) in oral lichen planus (Sklavounou, Laskaris, and Angelopoulos), 47
Immunohistochemical staining of pemphigus, 605, 606 (Letters to editor)
Implants, polyethylene tube, filled with Hydron or gutta-percha, reaction of rat connective tissue to (Tanzilli, Nevins, and Borden), 507
Incisions, electrosurgical, lateral heat production secondary to (Kalkwarf et al.), 331

Incisors, maxillary, transposition of, 639 (Roentgeno-oddities)
permanent upper lateral, dilaceration of (Chohayeb), 519
Indomethacin, effect of, on postsurgical edema in rats (Amin, Engel, and Laskin), 244
prophylactic use of, for prevention of postsurgical complications after removal of impacted third molars (Amin and Laskin), 448
Infection, deep neck, complicated by diabetes mellitus (Harrison, Schultz, and Schaberg), 133
oral, chemotherapy-associated, in adults with solid tumors (Dreizen, Bodey, and Valdivieso), 113
Injection, periodontal ligament: distribution of injected solutions (Smith and Walton), 232
therapeutic, of temporomandibular joint (Agus, Weisberg, and Friedman), 553
International Association of Dento-Maxillo-Facial Radiology, 436 (Announcement)
International Association of Oral Pathologists, 642 (Announcement)
International symposium on Today's Research, Tomorrow's Health Care Delivery, 436, 544 (Announcements)
Iodine, radiactive, therapy, salivary gland dysfunction following (Wiesenfeld et al.), 138

J

Jaws, *Actinomyces israelii* in osteoradionecrosis of (Happonen et al.), 580
Ewing's sarcoma of (Arafat, Ellis, and Adrian), 589
Joint replacements, need for antibiotic coverage for dental treatment of patients with (Little), 20

L

Labial frenum, inferior, bilateral blind epithelized tracts associated with (Stalker and Allen), 173
Lathyrism; effect of chronic beta-aminoproprionitrile intoxication on periodontium of rat (Baden and Bouissou), 34
Leprosy, tuberculoid, oral lesions in borderline and reactional (Alfieri et al.), 52
Lesions, odontogenic, hyaline deposits in, distribution and morphologic variation of (Sapp and Jensvold), 151
periapical, quantitation of circulating immune complexes, immunoglobulins G and M, and C3 complement component in patients with large (Torabinejad et al.), 186
Letters to editor, 605
Leukemia, adult, malignant gingival and skin "infiltrates" in (Dreizen et al.), 572
Lichen planus, erosive, in midline of dorsum of tongue, carcinoma arising in (Pogrel and Weldon), 62
oral, griseofulvin in treatment of three cases of (Aufdemorte, De Villez, and Gieseker), 459
oral, serum immunoglobulins and complement (C′3) in (Sklavounou, Laskaris, and Angelopoulos), 47
Lip, maxillary double, mucosal reduction for correction of (Lamster), 457
pruritic cheilitis (Xu et al.), 359
Lymphoid hyperplasia, follicular, of hard palate: benign lymphoproliferative process (Wright and Dunsworth), 162
Lymphoplasia, benign, cheilitis of; pruritic cheilitis (Xu et al.), 359

M

Macrocheilia; mucosal reduction for correction of maxillary double lip (Lamster), 457
Malignant gingival and skin "infiltrates" in adult leukemia (Dreizen et al.), 572
Mandible, atrophic, unusual healing of fracture of (Allard and Lekkas), 558
hemorrhagic cyst of, in relation to horizontally impacted third molar (Sharma), 17
Mandible—Cont'd
metastatic chordoma to (Gorsky et al.), 601
pathologic fracture of, in case of plasma cell myeloma (Moriconi and Popowich), 454
Mandibular abnormalities in neurofibromatosis (Vincent and Williams), 253
augmentation, influence of systemic bone disease on bone resorption following (Bays), 223
Mastodon molar, external root resorption in, 542 (Roentgeno-oddities)
Maxillary double lip, mucosal reduction for correction of (Lamster), 457
hemangioma, treatment of, with sclerosing agent (Chin), 247
Maxillofacial skeleton, massive osteolysis of (Frederiksen et al.), 470
Megadontism anomaly of mandibular second premolars, 543 (Roentgeno-oddities)
Meniscus displacement; histopathology associated with malposition of human temporomandibular joint disc (Scapino), 382
Microdensitometric recording method, evaluation of reproducibility of two bitewing techniques by means of (Beyer-Olsen and Eggen), 103
Microleakage study, electrochemical, of endodontic sealer/cements (Mattison and von Fraunhofer), 402
Microorganisms from root canal, antimicrobial effects of endodontic filling cements on (Pupo et al.), 622
Molar, third, horizontally impacted, hemorrhagic cyst of mandible in relation to (Sharma), 17
impacted, prophylactic use of indomethacin for prevention of postsurgical complications after removal of (Amin and Laskin), 448
Mucosal reduction for correction of maxillary double lip (Lamster), 457
Myeloma, plasma cell (Moriconi and Popowich), 454

N

N-methylnitrosourea, odontogenic neoplasms in Wistar rats treated with (Eisenberg et al.), 481
Neck infection, deep, complicated by diabetes mellitus (Harrison, Schultz, and Schaberg), 133
Neoplasms, odontogenic, in Wistar rats treated with N-methylnitrosourea (Eisenberg et al.), 481
salivary gland, unusual parotid tumor with histogenetic implications for (Daley and Dardick), 374
Neurofibromatosis, mandibular abnormalities in (Vincent and Williams), 253
Nevus, blue, oral: histogenetic implications of ultrastructural features (Lovas, Wysocki, and Daley), 145

O

Odontogenic neoplasms in Wistar rats treated with N-methylnitrosourea (Eisenberg et al.), 481
tumor, combined epithelial (Damm et al.), 487
Odontoma within tooth follicle, 329 (Roentgeno-oddities)
Oral and maxillofacial surgery, course on, 436 (Announcement)
blue nevus: histogenetic implications of ultrastructural features (Lovas, Wysocki, and Daley), 145
erosive lichen planus, griseofulvin in treatment of three cases of (Aufdemorte, DeVillez, and Gieseker), 459
histoplasmosis (Toth and Frame), 597
infections, chemotherapy-associated, in adults with solid tumors (Dreizen, Bodey, and Valdivieso), 113
involvement in patients with histiocytosis X (Gorsky et al.), 24
lesions in borderline and reactional tuberculoid leprosy (Alfieri et al.), 52
medicine, 19, 138, 250, 351, 459, 564
mucosal changes in iron deficiency anemia in Sri Lankan female population (Ranasinghe et al.), 29

Oral—Cont'd
pathology, 33, 145, 253, 363, 470, 572
surgery, 1, 113, 223, 331, 437, 545
Osteoarthrosis, induction of, in guinea pig knee by papain (Kopp, Mejersjö, and Clemensson), 259
Osteolysis, massive, of maxillofacial skeleton (Frederiksen et al.), 470
perspectives on (Heffez et al.), 331
Osteoradionecrosis of jaws, *Actinomyces israelii* in (Happonen et al.), 580
Osteotomy; influence of systemic bone disease on bone resorption following mandibular augmentation (Bays), 223

P

Pain, facial, atypical, ineffective dental and surgical treatment associated with (Remick et al.), 355
postoperative, incidence of, after single- and multiple-visit endodontic procedures (Roane, Dryden, and Grimes), 68
Palate, hard, follicular lymphoid hyperplasia of: benign lymphoproliferative process (Wright and Dunsworth), 162
incomplete cleft of, experimental induction in rat (Schüpbach), 2
Papain, induction of osteoarthrosis in guinea pig knee by (Kopp, Majersjö, and Clemensson), 259
Parotid gland, carcinoma of, exhibiting both ductal and acinic cell differentiation, immunohistochemical study of (Smith, Warhol, and Brodsky), 267
squamous cell carcinoma arising in Warthin's tumor of (Damjanov, Sneff, and Delerme), 286
tumor, unusual, with histogenetic implications for salivary gland neoplasms (Daley and Dardick), 374
Patient, elderly (Lowental and Mersel), 142
Pemphigus, immunohistochemical staining of, 605, 606 (Letters to editor)
vegetans; differential diagnosis of pyostomatitis vegetans and relation to bowel disease (Hansen, Silverman, and Daniels), 363
vulgaris, gingival (Markitziu and Pisanty), 250
verruciform xanthoma in young male patient with past history of (Gehrig, Baughman, and Collins), 58
Periapical lesions, chronic inflammatory, in root-filled teeth, morphometric analysis of (Bergenholtz et al.), 295
demonstration of alpha$_1$ antitrypsin in (Wilk et al.), 86
large, quantitation of circulating immune complexes, immunoglobulins G and M, and C3 complement component in patients with (Torabinejad et al.), 186
status of teeth treated by gutta-percha—eucapercha endodontic method, radiographic evaluation of (Morse et al.), 607
Periodontal bone lesions, digital subtraction radiography, for diagnosis of, with simulated high-speed systems (Gröndahl, Gröndahl, and Webber), 313
subtraction radiography for diagnosis of (Gröndahl and Gröndahl), 208
ligament injection: distribution of injected solutions (Smith and Walton), 232
Periodontitis, experimentally induced marginal, subtraction radiology demonstrates crestal bone loss in (Lurie, Greenberg, and Kornman), 537
Periodontium of rat, effect of chronic beta-amino proprionitrile intoxication on (Baden and Bouissou), 34
Plasma cell myeloma (Moriconi and Popowich), 454
Plastic surgery, reconstructive, course in, 330 (Announcement)
Polyethylene tube implants filled with Hydron or gutta-percha, reaction of rat connective tissue to (Tanzilli, Nevins, and Borden), 507
Potassium nitrate, effective treatment for pulpitis (Hodosh et al.), 419
Premolars, mandibular second, megadontism anomaly of, 543 (Roentgeno-oddities)
Pseudoforamen, panoramic, in upper ramus; medial sigmoid depression (Langlais et al.), 635
Pulpal effect of freezing temperatures applied to monkey teeth (Dowden, Emmings, and Langeland), 408
Pulpitis, potassium nitrate effective treatment for (Hodosh et al.), 419
Purpura, thrombocytopenic, chronic autoimmune (Fotos et al.), 564
Pyostomatitis vegetans, differential diagnosis of, and relation to bowel disease (Hansen, Silverman, and Daniels), 363

Q

Quality assurance in dental radiography, recommendations for, 421
Quinine, thrombocytopenia induced by (Barrett, Tversky, and Griffiths,, 351

R

Radiation, dental, drywall construction as barrier (MacDonald, Reid, and Berthoty), 319
Radiographic changes associated with giant cell hyalin angiopathy (Ciola, Bahn, and Yesner), 108
Radiographs, dental, chemical intensification of (Price), 427
panoramic, "ghost images" in, 220 (Roentgeno-oddities)
Radiography, dental, digital subtraction technique for (Gröndahl, Gröndahl, and Webber), 96
recommendations for quality assurance in, 421
digital subtraction, for diagnosis of periodontal bone lesions with simulated high-speed systems (Gröndahl, Gröndahl, and Webber), 313
endodontic, effective exposure level and diagnostic performance in (Okano et al.), 527
subtraction, for diagnosis of periodontal bone lesions (Gröndahl and Gröndahl), 208
Radiology, subtraction, demonstrates crestal bone loss in experimentally induced marginal periodontitis (Lurie, Greenberg, and Kornman), 537
Reconstructive plastic surgery, course in, 330 (Announcement)
Renal cysts and hypertension, nevoid basal cell carcinoma syndrome associated with (Santis, Nathanson, and Bauer), 127
disease, end-stage; calcified facial artery (Miles and Craig), 214
Replantation, gold foil as apical sealing material for, clinical evaluation of (Goel et al.), 514
Reproducibility of two bitewing techniques, evaluation of, by means of microdensitometric recording method (Beyer-Olsen and Eggen), 103
Resorption, bone, influence of systemic bone disease on, following mandibular augmentation (Bays), 223
bony, influence of, on endodontic treatment (Holland et al.), 191
cervical, in bleached teeth (Lado, Stanley, and Weisman), 78
root, external, in mastodon molar, 542 (Roentgeno-oddities)
external-internal, very active case of (Pomeranz), 521
Riga-Fede's disease and traumatic eosinophilic eosinophilic granuloma; traumatic ulcerative granuloma with stromal eosinophilia (Elzay), 497
Roentgeno-oddities, 220, 327, 542, 639
Root canal, apical plugging of, with dentin chips, effect of filling material in tissue reactions following (Holland et al.), 398
curved, in vitro study of comparative effectiveness of obturating, with gutta-percha cones, silver cones, and stainless steel files (Timpawat et al.), 180
filling with silver-percha cones (Negm), 81
microorganisms from, antimicrobial effects of endodontic filling cements on (Pupo et al.), 622
dilaceration of permanent upper lateral incisors (Chohayeb), 519

Root—Cont'd
fillings, relation between seal of, and tissue response (Pitt Ford), 291
fracture, radiographic appearance of, caused by bend on radiograph, 220 (Roentgeno-oddities)

S

Salivary gland choristoma, gingival (Ide et al.), 169
dysfunction following radioactive iodine therapy (Wiesenfeld et al.), 138
neoplasms, unusual parotid tumor with histogenetic implications for (Daley and Dardick), 374
Sarcoma, Ewing's, of jaws (Arafat, Ellis, and Adrian), 589
Sclerosing agent, treatment of maxillary hemangioma with (Chin), 247
Seal of root fillings, relation between, and tissue response (Pitt Ford), 291
Sealer/cements, endodontic, electrochemical microleakage study of (Mattison and von Fraunhofer), 402
Sealing material, apical, for replantation, clinical evaluation of gold foil as (Goel et al.), 514
Serum immunoglobulins and complement (C′3) in oral lichen planus (Sklavounou, Laskaris, and Angelopoulos), 47
Sigmoid depression, medial (Langlais et al.), 635
Silicone rubber; interpositional arthroplasty for ankylosis of temporomandibular joint (Moorthy and Finch), 545
Silver cones, gutta-percha cones, and stainless steel files, in vitro study of comparative effectiveness of obturating curved root canals with (Timpawat et al.), 180
Silver-percha cones, filling root canals with (Negm), 81
Skeleton, maxillofacial, massive osteolysis of (Frederiksen et al.), 470
Skin and gingival "infiltrates," malignant, in adult leukemia (Dreizen et al.), 572
Smith, Rowe, Memorial Foundation, Inc., 222 (Announcement)
Society for Biomaterials, 330 (Announcement)
Sodium hypochlorite and dequalinum acetate, influence of, on human dentition, quantitative evaluation of (Zach and Kaufman), 524
effect of 0.5 percent, in endodontic therapy, bacteriologic evaluation of (Byström and Sundqvist), 307
Stainless steel files, gutta-percha cones, and silver cones, in vitro study of comparative effectiveness of obturating curved root canals with (Timpawat et al.), 180
Sterilization, autoclave, effect of, on endodontic files (Mitchell, James, and Nelson), 204
effective surface, of gutta-percha points (Linke and Chohayeb), 73
Steroids; therapeutic injection of temporomandibular joint (Agus, Weisberg, and Friedman), 553
Stomatitis, severe, initial clinical finding in case of acquired-cell immune deficiency syndrome (Heidelman, Armstrong, and Graham), 452
Streptococci, adherence of, to cells infected with herpesvirus (Farber and Long), 463
Streptococcus sanguis, antibacterial effects of calcium hydroxide apexification pastes on (DiFiore et al.), 91
Subtraction radiography, digital, for diagnosis of periodontal bone lesions with simulated high-speed systems (Gröndahl, Gröndahl, and Webber), 313
for diagnosis of periodontal bone lesions (Gröndahl and Gröndahl), 208
radiology demonstrates crestal bone loss in experimentally induced marginal periodontitis (Lurie, Greenberg, and Kornman), 537
technique, digital, for dental radiography (Gröndahl, Gröndahl, and Webber), 96

T

Teeth, apicoectomized, clinical and radiologic re-examination of (Mikkonen, Kullaa-Mikkonen, and Kotilainen), 302

Teeth—Cont'd
bleached, cervical resorption in (Lado, Stanley, and Weisman), 78
Tongue, carcinoma arising in erosive lichen planus in midline of dorsum of (Pogrel and Weldon), 62
Teeth, formocresol technique in young permanent (Muñiz, Keszler, and Dominguez), 611
monkey, pulpal effect of freezing temperatures applied to (Dowden, Emmings, and Langeland), 408
root-filled, morphometric analysis of chronic inflammatory periapical lesions in (Bergenholtz et al.), 295
treated by gutta-percha—eucapercha endodontic method, radiographic evaluation of periapical status of (Morse et al.), 607
Temporomandibular joint arthrography: negative pressure, nontomographic techniques (Campbell and Alexander), 121
disc, human, histopathology associated with malposition of (Scapino), 382
interpositional arthroplasty for ankylosis of (Moorthy and Finch), 545
therapeutic injection of (Agus, Weisberg, and Friedman), 553
Thrombocytopenia induced by quinine (Barrett, Tversky, and Griffiths), 351
Thrombocytopenic purpura, chronic autoimmune (Fotos et al.), 564
Thyroid carcinoma; salivary gland dysfunction following radioactive iodine therapy (Wiesenfeld et al.), 138
Tissue reactions following apical plugging of root canal with dentin chips, effect of filling material in (Holland et al.), 398
response, relation between seal of root fillings and (Pitt Ford), 291
Tonsillar calculi (Cooper et al.), 239
Tooth follicle, odontoma within, 329 (Roentgeno-oddities)
in coronoid process, 327 (Roentgeno-oddities)
Tracheostomy, role of, in fractures of facial skeleton (Zachariades et al.), 558
Transposition of maxillary incisors, 639 (Roentgeno-oddities)
Traumatic ulcerative granuloma with stromal eosinophilia (Riga-Fede's disease and traumatic eosinophilic granuloma) (Elzay), 497
Tuberculoid leprosy, borderline and reactional, oral lesions in (Alfieri et al.), 52
Tumor, combined epithelial odontogenic (Damm et al.), 487
solid, chemotherapy-associated oral infections in adults with (Dreizen, Bodey, and Valdivieso), 113
unusual parotid, with histogenetic implications for salivary gland neoplasms (Daley and Dardick), 374
Warthin's, of parotid gland, squamous cell carcinoma arising in (Damjanov, Sneff, and Delerme), 286

W

Warthin's tumor of parotid gland, squamous cell carcinoma arising in (Damjanov, Sneff, and Delerme), 286
Whitlow, herpetic (Merchant, Molinari, and Sabes), 568
World Congress for Maxillo-Facial Surgery, 544 (Announcement)

X

Xanthoma, verruciform, in young male patient with past history of pemphigus vulgaris (Gehrig, Baughman, and Collins), 58
